The Bottom Line

When employees struggle with their finances, it follows them to work creating distractions, absenteeism, and decreasing employee job satisfaction. Offering a financial EAP can set your business apart from others. Creating a workplace focused on the wellness of their employees will increase productivity, job satisfaction and overall performance making it a win-win for everyone.

SAVINGS SOLUTIONS

Payroll deduction savings for every occasion.

At Telcoe, we offer savings through payroll deduction to help employees keep their money *out of sight, out of mind* to meet long term goals. Whether you need help saving for the holidays, vacation or just setting up an emergency fund, we have you covered. Just saving \$20 bi-weekly is \$520 per year. We also offer youth savings account for parents who want to save for college, or your child's first car. No matter what your savings goals may be, we are here to help you reach them.

Debt Management Coaching

Telcoe collaborates with GreenPath Financial to create tailored financial wellness plans that address the specific needs and challenges of employees. This includes a one-on-one meeting with a financial expert to help with budgeting, debt repayment, and money mindfulness. This personalized approach can make a significant impact on employees' financial well-being. Employees are able to speak with a certified financial coach till 9pm and on Saturdays, allowing them to focus on work while at work.

Financial Education

Telcoe provides tailored financial education programs covering topics such as budgeting, saving, debt management, and retirement planning. These resources empower employees to make informed financial decisions and build a secure future. We have tailored webinars and in person staff training for Arkansas employers. Budgeting support is offered by Telcoe to help our members learn how to find where money can be saved easily.
